

JK Industrial Fabrication LLC

JK Industrial Fabrication offers a full range of precision fabrication and welding crafts of

stainless, steel, aluminum and other metals. We can design with Autocad Inventor or Solid Works and manufacture virtually anything including conveyor systems, food processing, aerospace, pharmaceutical, prototype and custom equipment. We're a one stop fabrication shop with modern equipment and the skills to meet your needs.

OVER 35 Years of Industrial Fabrication Experience

- ◆ 5 Axis Flow Waterjet 6' x 12' x up to 6" thick with .005 accuracy (New 2020)
- ◆ 250 Ton x 12' plate press forming Accurpress – New 2016
- ◆ 60 Ton x 5' Accurpress sheet forming CNC Backgauge- New 2018
- ◆ 1/4" x 12' CNC shear Accurshear
- ◆ Comeq 1/4" x 6' CNC Hydraulic Roll Forming (3/16" Stainless)
- ◆ 50 Ton Ironworker
- ◆ 13 x 17 Hyd-MechBandsaw
- ◆ Engineering services with Autocad Inventor and Solidworks
- ◆ 36" Wide Timesaver Sheet/Plate/Tube Polishing
- ◆ 5 Ton Bridge Crane
- ◆ 8,000# Forklift Capacity
- ◆ 5,500# Forklift
- ◆ 16,000 Sq. Ft. Shop Area
- ◆ All welding crafts.
